Today's Worship

Morning Message: John 20:19-31

With Jesus, and Wanting More Faith

As we walk with Jesus into the life He wants us to enjoy, we pause because of a doubt. Jesus' way of dealing with doubts can get us back on track to a growing faith and more serious joy.

From the CRC around the world

Burkina Faso; Praise God that in a country with a Muslim majority, growing numbers of people are coming to know the Lord and are being disciplined to grow in faith. Many of our radio listeners have questions, struggles, and testimonies to share. Ask God to guide our staff as they respond to these searching souls. [Back to God Ministries International]

South Korea: A high school teacher who took Educational Care training wanted to change her heart so that she was disciplining out of love and not anger. Praise God! She recently reported that she has been taking a moment to pray and reflect if she needs to discipline one of her students! Pray that she will share this technique with others in her school. [Resonate Global Mission]

Malawi: World Renew and partners work to address barriers that prevent women from thriving in communities around the globe. In Malawi, Mesi is one of many young women who have dropped out of school to help with the family income. Stepping-stones training can help women learn safe ways to earn wages, while encouraging further education. Please pray for women and gender equality around the world. [World Renew]

Albanian Christian Ministry, W. Michigan: Church planter Roland Rizallaraj and his ministry partners are excited to see Albanian immigrants responding to the gospel with faith in Christ. Rizallaraj asks, "Pray that God will show us a way to reach and connect with these people. The harvest is plentiful, but we need more workers." [Resonate Global Mission]
